Hi Greg

Please see the below information relating to confidential reports for the Ordinary Meeting and Special Meeting on Thursday 17 May 2018.

Ordinary Meeting:

Quarterly Progress Report – Quarter 3, 2017/2018 - this item provides Councillors with an opportunity to discuss or seek clarification on current legal matters affecting Council. Allowing this report to be public may jeopardise our legal position in court and result in our Community having a higher liability/risk.

Proposed Round 6B Planning Scheme Amendments – Regulation of Entertainment Uses – this report may contain information relating to action to be taken by the local government under the Planning Act which could create speculative transactions that may be detrimental to Council and others.

Proposed Sporting Initiative – this report may include details relating to finances and operations and the value of potential sponsorship arrangements which may compromise the negotiating position with other potential sponsors.

Proposed Land Acquisition, Buderim – this report may include information that impacts on properties and investments and if made public may prejudice the interests of Council and thereby the community. Price ranges and addresses of properties may be mentioned.

Special Meeting:

Brisbane Road Car Park Development - this report serves to update Council on the progress of negotiations and may provide commercial contracting arrangements relating to the project .

Sunshine Coast International Broadband Network Project - this report serves to update Council on the status and various components of the project and may provide information relating to future strategic commercial contracting arrangements for the project.
