

MEDIA RELEASE

PEAK RESIDENTS GROUP SEEKS ANSWERS FROM CANDIDATES

OSCAR the Sunshine Coast's peak residents group is ensuring local government related issues that the Sunshine Coast community are seeking action on, are raised with election candidates prior to the election on 25 November.

OSCAR will be seeking commitments from candidates and parties on issues identified by member organisations developing a questionnaire for all candidates. The results will then be published on the OSCAR website.

A Forum also will be conducted where a total of 10 candidates can make their commitments on the issues. The invitation has been for 2 spokes persons from the main political parties Labor, One Nation, Greens and the LNP and 2 independents who identified as running early on.

The Election Forum scheduled from 1:30 PM on Saturday 18 November will address issues across the Sunshine Coast. The candidates who have confirmed their attendance at this stage are Andrew Powell, Daniel Bryar, Julie McGlone, Richard Bruisma, Steve Dickson, Sue Weber and Aaron White. The candidates are already starting to place their profiles and statements on the OSCAR web site and this service is available to all candidates by contacting OSCAR.

The Forum to be held at the North Shore Community Centre at Mudjimba is to provide information for OSCAR member organisations and will include a short question and answer session. Registration is available by the OSCAR website.

Tony Gibson Acting President said "OSCAR was excited by the opportunity to get the answers and commitments from candidates to ensure the Sunshine Coast got the state government representation it deserved.
