Dear Greg

In response to your enquiry, I provide the following information:

Quarterly Progress Report – Quarter 4, 2017/2018 - this item provides Councillors with an opportunity to discuss or seek clarification on current legal matters affecting Council. Allowing this report to be public may jeopardise our legal position and result in a higher risk/liability for our community.

Sunshine Coast International Broadband Network Project – this item may contain information relating to contracts proposed to be made by Council.

Planning Appeal Caloundra - this item may contain information relating to starting or defending legal proceedings involving Council. Allowing this report to be public may jeopardise our legal position and result in a higher risk/liability for our community.

Sunshine Coast Airport - Agreement performance update - this item may provide financial details and strategies relating to the transaction close. If made public it may prejudice the interests of Council in its commercial negotiations with Palisade (Airport Lessee) and thereby may result in less favourable financial outcome for our community.
