Message Body

Dear Mayor Wellington and CEO Brett de Chastel

OSCAR members at their September meeting moved that OSCAR "write the Noosa Shire Council congratulating Noosa Council for their plans to deal with the issues associated with short term holiday letting"

OSCAR appreciates the challenges of balancing tourism demand, investor interest and community concerns and congratulates you on tackling this issue. In our recent newsletter we encouraged our Noosa members to have their say about this issue.

We look forward to seeing and hearing the outcomes of both the submissions and the final outcome.

Regards,

Melva Hobson PSM

Secretary
