

CHRIS WHITE CANDIDATE DIVISION 7

INFORMATION AND POLICY PACK

Profile

*Chris White, a community minded resident and business owner for the past 18 years. Through developing and evolving his family operated award winning restaurant "Hungry Feel", Chris has become the trusted voice of the community across a number of issues including business community collaboration, sustainable living and to **"support not compete"**.*

What has gone wrong?

The communication between the community and council is non-existence creating friction points such as:

- *Road congestion*
- *Inappropriate residential development*
- *Inconsiderate policy management*
- *Disconnection between business community*
- *Future sustainability*
- *Environmental destruction*
- *Cultural disengagement*

How do we fix it?

Creating a community that focuses on collaboration, rejuvenation and spirit to create the following:

- *Bring a fresh perspective and community driven mindset*
- *Connect state, federal and government organizations to create transparent conversation*
- *Rebuild the bridge between social, business and residential groups*
- *Push local business and attractions to the forefront of tourism and growth opportunities*
- *Bring pride, connection and inspiration back to the natural beauty that surrounds us*
- *Create and facilitate community spaces that embody nature, culture and inter-generational knowledge sharing*
- To **"support not compete"**

The plan

With 18 years of local community experience to date, here is how we will lead the community into the future:

- *Give division 7 strong collaborative leadership in chamber decision making*
- *Connect, listen and strategize with local community, state, federal and government backed organisations to push our district's agenda forward.*
- *Create and facilitate regular networking events to enable inclusive and informed decisions.*
- *Work with tourism groups to drive awareness to the region.*
- *Develop and implement community projects that focus around the natural landscape we are lucky to share.*
- *Make every day count.*
