**Subject:** RE: Council wish list for the state election

**Flag Status:** Flagged

In a nutshell, we have set some major priorities for the candidates in the Noosa electorate. They are:-

1. [Beckmans Road, Tewantin](#) – commitment to full funding to complete the Tewantin bypass. The State government has committed funding to the first stage – the Beckmans Road/Cooroy Noosa Road intersection (\$9.5M). Council is seeking an additional contribution of \$56M over and above funds already committed by the State to fund the full project based on Council's design to achieve the best outcome for the Tewantin bypass.
2. [Noosa and District Sports Complex](#) – full funding to complete the implementation of the recently adopted masterplan for the Noosa and District sports complex - \$8.5M. This involves a complete makeover of the entire facility which services thousands of Noosa residents. It focuses on realigning internal roads, addressing car parking issues, upgrading existing clubhouses etc. The current government has already allocated funding for some of the components including upgrading the netball courts surface (\$310,000) and fixing some of the major issues at the former Navy cadets building (\$150,000). This funding has been allocated under both Works for Queensland and also the Unite and Recover program for South East Queensland councils.
3. [Noosa Hinterland Tracks and Trails](#) – full funding to implement the recently adopted Noosa Trails Masterplan. This will enable the full development of tracks and trails in the Hinterland. The approximate value to deliver this whole project is \$9M and we are pursuing funding from the federal government for this project as well.

I am happy for you to put this information onto your website if you wish.

Thanks  
Brett

**Stay safe, stay strong, stay apart. We will get through this together.**
