

## How can we create a shared, inclusive regional identity together?

### Community Strategy Community Forum

#### By special invitation

The Sunshine Coast Community Strategy Leadership Group (CSLG) invite you to a conversation to consider our regional identity, which will focus on deepening our understanding of who we are through connection to community and each other.

The CSLG is responsible for leading and guiding the delivery of the Sunshine Coast Community Strategy 2019-2041 and supporting Action Plan. This conversation will directly inform our priorities and engagement with community partners for action.

You told us through development of the Community Strategy that in our communities people are connected, included and feel welcome. We value our heritage and diversity, including our Traditional Owners, the Kabi Kabi and the Jinibara peoples, and broader First Nations community.

This is an opportunity for us to work and talk together and shape a shared identity for us all.

We want to hear from you, as residents and leaders on the Sunshine Coast. *Together we thrive.*
