- 5 operators signed up with another 4-5 expected to sign up.
- Lifeflight Emergency have developed a FNP for pilots to reduce impact of operations where practical.

4. CASA Presentation - CASA provided an overview of their Role and Primary Function to conduct Safety Regulation of Civil Air Operations in Australia.

5. Airservices Australia Update.

- No requirement for transponders in the Airspace around SCA
- This is classified as Class D Airspace
- There was a discussion raised by MRA regarding use of transponders and identifying civil aircraft that were not complying with flights paths and heights on landing and taking off over Mudjimba
- There was an Action point raised to work on further identification and non-compliance
- 259 Noise complaints received between January and May
- Marcus Beach, Peregrine and Mudjimba source of most complaints
- New Runway 74% of complaints, Arrivals 13%, Helicopters 5% Night Flights 4%
- Complaints re Arrivals on RW13 - 58% and Departures on RW31 - 15%.
- Helicopter Flights 7am to 7 pm 75% of Flights, 7pm to 7am 25% and up to 40% Emergency.

PIR and Noise Monitoring.

- 5 Locations identified and 3 Noise Monitors (NM) will be in place
- Final choice of locations to be decided and in place by August
- Discussion took place and Action Point raised about the criteria for the NM locations relating to the EIS Findings and that perimeter and central Flight Path locations were used
- Discussion held and Action Point raised regarding the delay in time being experienced in reporting incidents to Webtrack and the importance of each complaint being validated and responded to.

b) CHAS report nothing further to report

c) SEQCA – meeting 20 July 2021

Kathleen Florian from the OIA gave a presentation about what and how the OIA undertakes its role. The presentation will be put on the SEQCA website when available. We will let you know and send you the link when posted. She was very generous and spent about 1 and half hours with the meeting. A number of questions were asked: Natural Justice Provisions; the Review process; selective suppression of information from Councillors and/or council officers. Kathleen indicated that the OIA only deals with Councillor Complaints and that matters relating to council decision-making and decision-making processes should be referred to the Queensland Ombudsman.

Owing to time constraints the revised motion relating to Code Assessable development has been circulated with comments back to the Chair This motion is being refined and will be included in the next Update.

We also put to the meeting that SEQCA consider recommending to the State Government that the Economic Development Act 2012 be revised to include principles similar to those included in the Planning Act 2016. That item will be on the SEQCA August Agenda.

d) QLGRA

QLGRA executive met with Kathleen Florian OIA – minutes of meeting not issued yet.

e) Mass Transit update

- OSCAR, Mass Transit submission was sent to all councillors this week. We will try to meet with all councillors over the next few months
- The MT workshop was attended by 14 members with 7 apologies. The outputs from the workshop will be on the OSCAR website on the Mass Transit page by Thursday.
- As advised in the last 2 Updates OSCAR will be making a presentation to the Transport Community Reference Group (TCRG) on August 11. The draft Power Point can be viewed at: https://www.oscar.org.au/wp-content/uploads/2021/07/Masstransitproposal_Draft.pdf
- The Mass transit workshop and the PP will be discussed in detail at the OSCAR meeting on Thursday. Please try to view the PP before the meeting.

- TCRG OSCAR nominee – we have been notified that group representatives need to be endorsed by their group for the next term of the TCRG. Greg Smith has been OSCAR’s nominee and is keen to continue in this role. We need to confirm or change at Thursday’s meeting.

f) The BUDDINA BEACHFRONT (Lesley Dimmock)

His Honour, Judge Long, will confirm his decision, after he completes his deliberations. For now,

NO NEWS IS GOOD NEWS!

If you have questions about the legal challenge, our website has more information where you can also access copies of the key documents lodged with the Court:

<https://www.friendsofbuddina.com/legalcase>

g) Twin Waters West Appeal

The Joint reports by nominated experts are currently underway.

h) Sekisui Appeal

The Appeal was heard in the Supreme Court on March 10 and 11. – No word at this point in time

i) Coolum West

A second request to meet with the Deputy Premier and Minister was unsuccessful. We will continue to advocate for that and for common sense to prevail re this proposed development. We have been advised to continue discussion with Dr Carl Ungerer, the Minister’s Senior Policy Adviser and Jason Camden EDQ. The email is on the OSCAR website Correspondence section. We do know that the developer is continuing discussions with EDQ and in the email response from the Minister’s office included the comment *“that a wave pool would add to the tourism offerings of the region”* The campaign continues!!!

j) PS 2024 development

An additional section on the PS2024 page of the OSCAR website has been included. This page will record the documents produced by OSCAR in relation to the development of the PS 2024. Current documents include the outputs from the May workshop. They can be found at:

<https://www.oscar.org.au/planning/scrc-planning-scheme-2024/ps2024-oscar-documents/>

Next steps will be discussed at the July meeting.

k) Current Council Engagement activities

- SCRC – some site specific projects – keep an eye on SCRC website.
- Noosa – no new engagements – keep an eye on Noosa website
